

DEATH SNATCHES FRUIT OF VICTORY FROM SAM BEADLES

City Jailor-Elect Succumbs to Illness at His Home Few Weeks Before He Would Have Succeeded to the Office Was Popular Policeman.

DIED SHORTLY BEFORE NOON

Samuel Beadles, city jailor-elect and formerly one of the best known policemen in Paducah, died this morning at 11 o'clock of paralysis at his residence, 1125 Madison street, after an intermittent illness covering several months. The stroke seized him at 10 o'clock this morning.

Mr. Beadles was one of the three Democrats who won on the city ticket, being elected by 329 majority. He would have assumed the office January 1. The appointment of a jailor to fill the vacancy will be made by the mayor.

Mr. Beadles was 47 years old and was a native of Wingo, Graves county. He had lived in Paducah 16 years and was seven years on the police force, making a most competent officer. Previous to that he was a railroad conductor.

He is survived by his wife and the following children: Peter, Burnie, Frank, James, Edna and Lena Beadles.

His mother and two brothers also survive him.

He was a member of the Eagles, Woodmen of the World and Masons.

GOLDEN CROSS MEETING AT LOUISVILLE TODAY.

Magistrate J. H. Burnett left this morning for Louisville to attend a called meeting of the state executive committee of the Golden Cross, which was called to accept the resignation of State President R. A. Barnes, of Louisville, and to elect his successor. Mr. Barnes has resigned to enter the ministry of the Baptist church. The executive committee is composed of eight members, four of which are from Paducah and four from Louisville. The Paducah members of the committee besides Squire Burnett are C. B. Hatfield, J. M. Lang and Mrs. Mary Kidd. Only Squire Burnett could attend the meeting. It is almost certain that James A. Hodges, of Louisville, will be elected to succeed Mr. Barnes as grand commander.

CHANGE IN AGENTS MADE BY N. C. & ST. L. ROAD.

Mr. W. E. King, who has been the agent for the N. C. & St. L. railroad at Murray for many years, has been made agent at Paris, Tenn., and will take charge of the Paris office January 1. Although it has not been definitely settled, it is understood that Mr. William Hillis, at present night train dispatcher at Paducah, will be made agent at Murray. Mr. Hillis returned from Murray a few days ago and while there secured an option upon Mr. King's elegant residence, which he will buy, should he decide to accept the place.

FIREMEN THROW STRIM ON THE BURNING CINDERS

Firemen from No. 3 fire station were compelled to keep a stream of water on a pile of burning cinders at the glass plant yesterday afternoon and this morning in order to prevent a large tank holding 200 gallons of oil from becoming ignited and causing serious loss. Cinders had been thrown in large heaps on both sides of the tank and yesterday began blazing and the department was summoned.

PADUCAH MAN HONORED AT VALLEY CONVENTION.

Wheeling, W. Va., Nov. 15.—At a meeting of the Ohio Valley Improvement association, S. A. Fowler, of Paducah, was elected one of the Kentucky vice-presidents.

Verdict for Defendant.

After being out but a few seconds the jury in the case of Enoch Lynn against John Terrell for \$5,000 damages, brought in a verdict for the defendant. Lynn and Terrell for personal injuries. He claimed that he was disabled in an encounter with Terrell in which he was knocked down by a blow from Terrell's fist. Terrell's defense was that Lynn had meddled with his domestic affairs and otherwise provoked him until he finally struck him in the face.

Mr. Phelps' Funeral.

At 1:30 o'clock today the body of Mr. Everett Phelps, who died in Knoxville, Tenn., arrived over the Nashville, Chattanooga and St. Louis railroad, and will be taken to his country home to be buried in Ogkton cemetery.

PUBLIC TO BE ENTERTAINED BY TWO GREAT LECTURES IN HONOR OF THE ANNIVERSARY

Congregation of St. Francis de Sales Invites Paducahans to Hear Father Lambert

Not only will the celebration of the Triduum Thanksgiving in honor of the twenty-fifth anniversary of the pastorate of Father Jansen in the church of St. Francis de Sales be of interest to Paducahans on account of their love and respect for the popular priest, but it will be the occasion of an intellectual treat as well. The congregation of St. Francis de Sales has secured the attendance of Father A. A. Lambert, of Chicago, a lecturer of country-wide reputation, to deliver an address to the public in the Kentucky theater Sunday night, when he will speak on "Woman in Society," and at the church Tuesday night on "Science and Revelation." This is a compliment to the non-Catholic population of Paducah, because the members of the church feel that others than themselves will not have the opportunity to participate in the Triduum Thanksgiving, and some feature should be arranged of a general public nature. No better intellectual treat will be offered the people of the city this winter than Father Lambert's lectures.

The Rev. A. A. Lambert will arrive Sunday and be the guest of Father Jansen. The Rt. Rev. Bishop William George McCloskey, of Louisville, will officiate at the opening service of the Triduum at 10:30 o'clock Sunday morning. There will be confirmation services at 7:30 o'clock that morning.

Twenty-five years' service in one church is so unusual that this celebration is attracting wide attention.

WEST KENTUCKY COAL CO. MINES HAD FIRE AGAIN

West Kentucky Coal company officials are here today in a conference over the local situation, and in this trip are visiting all the agencies of the company including the mines at Sturgis, J. T. Gardiner, president; J. C. Brydow, vice president; Howard Dutcher, traveling auditor; R. Seelye, general accountant; W. H. Cunningham, superintendent of mines, and C. M. Riker, local manager, are in the party.

Fire again broke out in the mine at Sturgis night before last and the cause as usual is unknown. The fire this time was in the shaft of colliery 11. The damage was not as great as in other fires there but will require ten days to repair.

Reports were brought to the city last night by officers of the Danbur in the Evansville river trade, that fifteen dummy cars loaded with coal ran into the river from the tippie at Sturgis yesterday. The tippie holding the cars was not in place when they started down the incline. The loss in coal will not be significant, the principal trouble occasioned by the delay in taking out the cars.

It is said that the West Kentucky Coal company will secure the wharf space recently held by the St. Bernard Coal company between Kentucky avenue and Washington streets. The West Kentucky company already new trial in the case of Mrs. Belle wharfboat, but increasing business will require more river front.

INVITE STATE PRESS

The Penny Press association, in the parlors of the Palmer House today, took steps toward inviting the Kentucky Press association to Paducah next summer. Secretary J. S. Lawrence will begin correspondence immediately toward that end. One new member, J. C. Newman, of the Lyon County Herald, was admitted to the association. Present in today's meeting were: Judge E. Barry, Benton Tribune-Democrat, president; John S. Lawrence, Cadiz Herald, secretary; J. L. Smith, Kuttawa Times; W. O. Wear, Calloway County Times. The next meeting will be in Paducah the third Friday in February.

TWO GUNBOATS BURNED IN BALTIMORE SHIP YARDS.

St. Petersburg, Nov. 15.—Fire today destroyed part of the Baltic ship yards, and burned two gunboats in course of construction.

THE POWERS JURY

Georgetown, Ky., Nov. 15.—(Special.)—They are selecting a jury to try Caleb Powers. The first 100 of the veniremen are on hand. Powers was 41 last night, but is present today.

NO FOOTBALL GAME

The football game scheduled for today is postponed until tomorrow because the S. K. C. team missed connections at Princeton and will not be able to reach this city till 4:30 o'clock this afternoon. The S. K. C. boys will remain over for a game with the Cullheys tomorrow at 3:30 o'clock at League park.

BURGLARS AFTER HOARDED WEALTH ARE FIRED UPON

Second Attempt Made to Loot Friedman & Keiler's Office Thwarted By Nervy Employee Who Shoots Twice at Fleeing Figures.

EXPECT TO FIND SOME MONEY

Employees blocked a second attempt to burglarize the offices of Friedman, Keiler & company last night, and two shots were fired at the fleeing intruders, and one of the shots, it is believed, did not go far wide of the mark for which it was intended.

Early in the evening suspicious looking characters were noticed lurking around the building, and Leslie and Clarence Ogilvie, trusted employees of the company, were told to return to the building by the rear entrance after they had gone out front, as though they were going home at the close of the day's work. Just as Leslie Ogilvie entered the yard in the rear of the building he heard a shuffling of feet and called to his companion to open the coal house door. As he did so a man, believed to be white, jumped out of the coal house, while another sprang up from behind some boxes. Both ran and Ogilvie sent two shots in rapid succession after them. As he had an unobstructed view the last shot Mr. Ogilvie believes that he winged his man, though, of course, he cannot be sure of it. There is no money whatever kept in the building and the burglars would have been poorly paid for their trouble if they had entered the building.

Other reports of attempted burglaries have been made since the money stringency began, crooks evidently believing that money is being hoarded in offices and other places by people, who will not deposit it in bank.

SOME MERCHANTS BOUGHT HOLIDAY FIREWORKS STOCK

Merchants who have bought a stock of cannon crackers, toy pistols and other explosives to be sold the youth of the city during the holidays have found that they will be prohibited from selling the noisy bundles this Christmas and the small boy will find that he will be arrested should he attempt to use them. The stock of cannon crackers, toy pistols and other explosives, especially during the holidays, "They are dangerous to life, limb and property, and I think the ordinance prohibiting their use a good one," was his comment when asked regarding the matter.

Although the ordinance was passed and published in due form, many merchants overlooked its existence in buying holiday goods and some of them bought heavily of the things that are under the ban.

SLEEPER IS ROBBED

A farmer named Sparks reported to the police this morning that he had been robbed of a pocketbook containing \$7 in money and some valuable papers, while he was asleep in a wagon at Isaman's wagon yard, Second and Washington streets. Patrolman Cross was detailed on the case and made an investigation, but no arrests have yet been made.

TEST LOCAL OPTION LAW

Metropolis, Ill., Nov. 15.—(Special.)—A telegram sent to John O'Brien, agent for the Murphyboro Brewing company, states that the company has entered suit to test the constitutionality of the local option law, under which the whole of Southern Illinois was voted dry. They have picked 13 alleged laws in the law.

The Conference

In notes on the Methodist conference at Humboldt the Commercial-Appeal says:

Humboldt is entertaining the conference royally and every one is claiming that he has the best home. Brownsville, Covington and Paducah will invite the conference to meet with them next year, and as it has been in the lower end of the territory, Paducah stands a good chance to win, being in the upper portion of the conference limits.

The Rev. Peter Fields is the largest man in the conference, and a good preacher as well, judging from his sermon Wednesday night.

It is rumored there will be a clean sweep of preachers in Paducah and that Broadway, Trimble Street and Third Street will all have new pastors another year.

STREET CAR STRIKE! ON IN LOUISVILLE

Men Go Out But Police Will Insure Partial Service

Louisville, Nov. 15. (Special.)—In obedience to a vote of the street car men's union last night, a strike was declared on this morning. Four hundred strikers reached town this morning and were distributed to different barns. The mayor assured police protection. Six policemen are on each car. At a conference of the city officials and street railway officials last night agreement was made for a conference today to consider arbitration. Ben Commons, the union leader, agreed but the union overrode his agreement, and voted almost unanimously to strike this morning. The company claims it will give partial service right along. Police have strict orders to break up crowds and prevent rioting.

As the day advanced more cars were put on, manned by strike-breakers. The police continued to keep splendid order. There was no trouble of any moment. One man, who threw a rock, was arrested and fined \$50 at once.

Henderson Strike Over.

Henderson, Ky., Nov. 15.—The street railway strike here is off. The Commercial club secured a compromise.

TO GREET BRYAN

Lafayette, Ind., Nov. 15.—Chairman Taggart, of the national Democratic committee, has gone to New York, it is said, and won't be at French Lick for the Bryan banquet Monday. At least 10,000 Democrats will be here to greet Bryan, who announced yesterday that he will accept the nomination if it is tendered him.

MR. STORK IS HOME

Mr. Clifford Stork, a former Paducah boy, is with the "Strongheart" company, here tonight, playing Dick Livingston, the principal juvenile lead. Mr. Stork lived in Paducah twelve years ago, and was one of the most popular of the young men of that day. He was a pressman on the old News, and called at The Sun office today renewing old acquaintances. He has been a chester for eleven years now, and got his first touch of the profession here, at the old La Bello park summer theater, where for a time he played with the stock company there, under the management of Mr. William Malone. Mr. Stork has been connected with one of the leading stock companies of the east for the last five years, and only joined the "Strongheart" forces this season. He has achieved quite a reputation in his profession, and his friends are predicting big things for him.

THE WEATHER.

PLEASANT.

Generally fair tonight and Saturday. Not much change in temperature.

MAY INCREASE SCHOOL LEVY TEN CENTS TO COVER DEFICIT CAUSED BY TWO BUILDINGS

THIRTY PER CENT
OF I. C. WAGES
WILL BE IN CASH

The Illinois Central Railroad company has arranged with the local banks to pay at least 30 per cent of the pay checks in currency, and the balance in checks of the railroad company of the denominations of \$5 and \$10, or cashier's checks of the employees prefer. The company has shipped a great quantity of their checks of these small amounts to Paducah by express and this arrangement can be relied upon in the event there is no failure in the arrival of the shipment. The employees must present the checks by Monday, November 18, to get advantage of this arrangement. The total payroll of the company this month is in excess of \$120,000 and thirty per cent of this amount is \$36,000. Therefore \$36,000 of cash will be let loose into trade channels this week, which should be quite a stimulus to business. Conditions are improving all over the country each day, as the cashier's checks become better understood. The indications are that the business of the country will be transacted on the check basis for a few weeks longer, as every measure of safeguard has to be thrown around business to protect it. In some instances big industries are closing down, but this condition is happening only where the employees are refusing to accept the checks.

RATES FOR TOBACCO

Louisville, Nov. 15.—At a meeting of the board of fire underwriters for Kentucky and Tennessee a committee was appointed to deal with the question of tobacco rates in the tobacco districts of Kentucky.

Beattyville, Ky., Nov. 15. (Special.) The second trial of Fulton French for the murder of Marcellus was called here for November 18, before Judge Dorsey, of Henderson.

SKATER IS INJURED

Fred Crosby, an employee of the glass factory, in Mechanicsburg, fell while skating at the Auditorium rink yesterday and fractured his right arm. One bone was dislocated and the other was fractured. His injuries were dressed in Drs. Stewart and Crice's office.

TWO RECRUITS

Captain W. L. Reed arrived from Evansville last night and today accepted two men enlisted by Sergeant C. A. Blake. Oscar Ferrell, Paducah, const. artillery; and William Council, Model, Tenn., field artillery, will go to Jefferson barracks, St. Louis, for training.

H. P. NUNN IS TO BE ASSISTANT STATE TREASURER

Capt. Edwin Farley, state treasurer-elect, has returned from Louisville, and with his return comes the announcement on excellent authority that H. P. Nunn, of this city, will be assistant treasurer. It is also given out that Paducah will continue to have a state depository, and the Citizens Savings bank will receive this honor.

CONTRACT LET FOR MURRELL BUILDING

Dr. D. G. Murrell has awarded to Gus Lockwood the contract to build a two-story building at 418-420 Broadway, where the American Express office and the Smith Sisters' millinery store were wrecked by the falling walls of the J. M. White building by spring. The entire lower floor will be occupied by the Express company, while the second floor will be fitted up for offices.

Charter Provides That When City is Advanced From Third to Second Class That Provision May be Taken Advantage of.

Will Give Levy of Forty-five Cents on \$100 and Might Solve Problem Confronting School Board of This City—The Plan.

Provision was made in the charter of second class cities that when a city advanced from the third class, the school levy of 35 cents from the city could be increased ten cents for building purposes exclusively. Third class cities receive fifty cents on the one hundred dollars from the city tax fund, but second class cities receive only thirty-five cents. This decrease in the case of Paducah was felt in the finances of the school, and the legislature was foresighted enough to insert the provision for a ten cent increase. With the erection of two new buildings and the further building needs of the next two years, it is probable that the school board will demand the extra ten cents on the one hundred dollars from the city. Trustee O. G. Kelly will bring it before the board in time to act before the 1908 apportionments are made by the city. The addition of ten cents to the present 35 cents will help the board out materially in its finances.

Looking ahead a year or two it is evident to some of the trustees that the old Lee building, Fourth and Ohio streets, will become unsuitable for school purposes and a new structure will be built either there or in some other location to suit the movements of population. The ten cent increase can be used only for buildings, but the board is in debt for the two new buildings now in course of construction, so that it will be many years before the city could expect the board to rescind the extra apportionment, if ever.

FOR WALSH'S DISMISSAL

Chicago, Ill., Nov. 15.—On claim that John R. Walsh is guilty of nothing more criminal than bad judgment in misapplying twenty millions of the bank's funds and that banking laws are a dead letter, his lawyers will ask for his dismissal without submission of evidence, in his behalf, soon as the government's evidence is completed.

Hunting Quails.

Many of the shopmen, who were wanting a day's recreation, took advantage of the expiration of the bird law today and went after quail. Engineer Edgar Evetts and Fireman A. C. Sladen headed a party that went down in Fulton county, where friends of the railroad men had invited them.

SEVERAL ARE KILLED IN CANADIAN PACIFIC WRECK.

Ottawa, Can., Nov. 15.—Vague dispatches at the Canadian Pacific offices state that from seven to ten were killed in a wreck near North Bay early today and quite a number are reported injured.

CORONER SAYS SUICIDE IN C. T. BARNEY CASE.

New York, Nov. 15.—The coroner, despite the protest of friends of Charles T. Barney, former president of the Knickerbocker Trust company, holds to the suicide view. The coroner is inquiring into the domestic affairs and threatened divorce of Barney's wife, because, it is said, of an unknown woman, who after Barney's financial troubles, deserted him.

UNION JACK IS HUNG OUT AT THE POSTOFFICE.

The "Union Jack" has been hoisted in front of the postoffice, and in consequence a great many questions are being asked by passersby, who are inquisitive. The Union Jack is one of Uncle Sam's flags, which are used on board the United States battleships. The flag has a blue background with white stars, is hoisted on board of the ships on Sundays and holidays and when the ship is in a foreign port. The reason for the appearance of the flag at the postoffice has just been opened there. Re-erecting station in the basement of the postoffice in charge of A. Holcz and A. L. Derack.

Danderine

GREW MISS CARROLL'S HAIR

AND WE CAN

PROVE IT

Beautiful Hair At Small Cost.

WITHIN the last decade great and rapid strides have been made in Materia Medica. Many diseases that were considered incurable fifteen years ago are now cured in a few days, and in many cases prevented altogether. The scientists of late years have been delving for the cause, the foundation, the reason and the starting point of disease, fully realizing that the actual and true cause must be ascertained before the remedy can be located. Hair troubles, like many other diseases, have been wrongly diagnosed and altogether misunderstood. The hair itself is not the thing to be treated, for the reason that it is simply a product of the scalp, and wholly dependent upon its action. The scalp is the very soil in which the hair is produced, nurtured and grown, and it alone should receive the attention if results are to be expected. It would do no earthly good to treat the stem of a plant with a view of making it grow and become more beautiful—the soil in which the plant grows must be attended to. Therefore, the scalp in which the hair grows must receive the attention if you are to expect it to grow and become more beautiful.

Loss of hair is caused by the scalp drying up, or losing its supply of moisture or nutriment, and when baldness occurs the scalp has simply lost all of its nourishment, leaving nothing for the hair to feed upon (a plant or even a tree would die under similar conditions).

The natural and logical thing to do in either case is, feed and replenish the soil or scalp as the case may be, and your crop will grow and multiply as nature intended it should.

Dr. Knowlton's DANDERINE

is the only remedy for the hair ever discovered that is identical with the natural hair foods or liquids of the scalp. It feeds and nourishes the hair and does all the work originally carried on by the natural nutrients or life-giving juices generated by the scalp itself. It penetrates the pores of the scalp quickly and the hair soon shows the effects of its wonderfully exhilarating and life-producing qualities.

One twenty-five-cent bottle is enough to convince you of its great worth as a hair growing and hair beautifying remedy—try it and see for yourself. Now on sale at every drug and toilet store in the land. Three sizes, 25c, 50c and \$1.00.

FREE To show how quickly Danderine acts, we will send a large sample free by return mail to anyone who sends this advertisement to the Knowlton Danderine Co., Chicago, with their name and address and 10 cents in silver or stamps to pay postage.

BRYAN TO ACCEPT IF IT IS OFFERED

Peerless one Coyly Flirts With
Nomination

Delivers Himself of Statement at
Omaha and He Is Still Leader
of Democracy.

WHAT HE SAYS IN INTERVIEW

Lincoln, Neb., Nov. 14.—William J. Bryan will accept the Democratic nomination for president in 1908, but will not ask nor make a fight for it. He says that for a year or more he has been pressed to answer the question: "Will you accept the nomination?" and he believes the public is entitled to an answer and to know the position he occupies. The question that ought to weigh most, he says, is whether his nomination will strengthen the Democratic party more than the nomination of some one else. He denies he has waited this long to see whom the Republicans are likely to nominate or to ascertain the chances of victory.

Bryan, after making the above statement, said: His availability is a question to be decided not by him, not by a few leaders, not leading newspapers that call themselves Democratic, but by voters of the party, and to them he entrusts the decision of the question—they are the supreme court in all matters concerning candidates, as they are in all matters concerning the platform.

He assumes that they will not select him unless they desire to make an aggressive fight for the application of Democratic principles to present conditions, and he also takes it for granted that the organization of the party will be in harmony with the platform and will be composed of men with political records that will invite confidence and give the assurance that the victory if won, will not be a barren victory.

"The Republicans must nominate either a reformer, stand-patter, or one whose position on the public question is unknown, and the course of the Democratic party would be the same no matter which element controls the Republican convention. The Democratic party must make its fight for what it believes. While it may take advantage of the Republican mistakes, it must depend upon its own merits for success and not upon the error of its opponents."

"The action of the Republican convention may have its influence in determining the relative availability of Democratic candidates, but it ought not to have any influence in determining the question whether the one chosen by the Democrats should accept the nomination. If the rank and file of the Democratic party desire Bryan to make the race, he will make it no matter who may be the Republican nominee."

"No one can estimate the chances of the party in the next campaign with sufficient accuracy to make his candidacy dependent on the outlook. While the Democrats have reason to be encouraged by the fact that Democratic principles have grown in popularity and that Democratic policies are now praised by many who denounced them a few years ago and while further encouragement is to be derived from the fact that the Democratic party is more united than it has been for many years, and the Republican party more divided, still the action of the Democratic party cannot be dependent upon the prospect of success. The prospects now seem excellent, but the Democratic national convention will be held, platform adopted and candidates

THEATRICAL NOTES

"Strongheart" Tonight.
"Strongheart," William C. De Mil-

le's play of "Varsity Life," which Edgar Selwyn will present here tonight, has received some of the strongest endorsements that have been vouchsafed any drama of recent years no matter of what character. Among them was the review of Mr. W. L. Hubbard, the dramatic editor of the Chicago Tribune, who had the following to say concerning the merit of the play:

"'Strongheart' itself is a play of worth, being entitled, in fact, to a place among the best that any of our American writers have supplied. It tells, and interestingly, a story it deals with a problem, and does so honestly, logically and convincingly, and it contains such a liberal supply of college life, excitement and spirit that the attractive form of bright comedy is given to a play which, in fact, has a serious question of race as its fundamental idea. We have had no college football games that have been managed with more effectiveness than is the one in the second act of 'Strongheart.' Few plays contain a more thrilling third act, and rarely has any of our native playwrights hit upon a more artistic

and true ending than is supplied by this Indian, standing outstretched arms praying to the Great Spirit of his fathers for help because he is 'so alone.' It is a play which every amusement-seeker cannot but enjoy, and it is one that calls for nothing other than unqualified approval."

Depew-Burdette Stock Co.

The famous Depew-Burdette Stock company which is known to the people of Paducah as being the best repertoire company that has ever played in the Kentucky theater, begins a week's engagement beginning next Monday, November 15. The company this season carries 20 people and 5 big vaudeville acts, headed by the Great Bunkers, an electrical dancer wearing dress of 1500 yards of silk. The famous Pepper Twins in a character change act introducing German comedy and wooden shoe dancing. Baby Luella Pullen, the sweet child-singer, sang as her winning song, made such a great success by Anna Held. "Won't you be my Teddy bear," and the Parisian Kalen teschnape, showing the latest life motion pictures round out a vaudeville bill par excellence. The opening play for Monday night is that beautiful 4 act comedy drama "An American Girl," a play that abounds with great heart interest, stirring dramatic climaxes and genuine comedy situations. Mr. Thomas E. Depew, "our old friend," will be seen as "Ross Bolter," the Tramp. Ladies free Monday under usual conditions.

SCHOOL NEWS

The beautiful new pennant for the freshmen class arrived yesterday and was prominently displayed on the walls of the auditorium of the high school this morning. The sophomore pennant has not yet arrived, but when it comes it will be given a place of equal prominence with the pennants of the junior and senior classes will be given places over the stage. The freshmen pennant is red and orange and is very handsome.

This afternoon the schools will be dismissed in order that the teachers may attend the regular monthly meeting with Superintendent Carnegie. After the meeting grade meetings will be held.

Miss Mary O. Murray, teacher of the seventh grade at the Washington building, is sick today.

The five boxes of material for the laboratory of the high school are expected to arrive today.

The blackboards for the new school at Twelfth and Jackson streets, the North Twelfth street building, and the McKinley building have arrived and the manufacturer has been notified that an expert may be sent here to put up the boards. The new blackboards are quite an improvement over the old style board.

MAILED TO STOCKHOLDERS

Chicago, Nov. 15.—A circular letter, containing several rather strong and convincing statements has been mailed to the stockholders of the Illinois Central railroad by President J. T. Harahan. It is regarded as a reply to the many statements made by Stuyvesant Fish in his efforts to secure the election of his candidate as director, and Mr. Harahan uses some very forceful language. While he has refrained from using "the shorter but uglier word," the result is the same. He says Mr. Fish has made untruthful statements and knew he was far from the facts when he made them.

Mr. Harahan is quite vigorous in his denunciation of Mr. Fish's efforts to cause the stockholders to fear for the welfare of the Illinois Central, and plainly says that the things Mr. Fish so vehemently objects to were all done during Mr. Fish's incumbency of the president's chair and with his knowledge, consent and entire tacit approval.

The tone of the circular, while quite dignified and earnest, is not calculated to cause a cessation of hostilities. Mr. Harahan appears to take the ground that the fight is between the directors and Mr. Fish, and that as a business proposition the stockholders will profit more by sending their proxies to him than to Mr. Fish. In fact, he touches the pocket book and eliminates sentiment.

The circular states that the traffic interchange with the Union Pacific and Southern Pacific is vastly more beneficial to the Illinois Central than it is to the other two lines. The Illinois Central was built into Omaha by Mr. Fish to secure a portion of the interchange business of the Union Pacific, and because of the relations now existing, and made by Mr. Fish, the Illinois Central is given a very good share of the traffic. The Union Pacific has several excellent outlets eastward from Omaha and need not give a pound of freight to the Illinois Central, while the Illinois Central has no western connection but the Union Pacific at Omaha. A severance of close traffic relations would result in a reduced revenue for the Illinois Central.

The interchange at New Orleans is almost a parallel case. North bound the Southern Pacific can give its through business to two other through lines and leave the Illinois Central with only its own business, while the Illinois Central would be compelled to give the Southern Pacific the through western business it takes into New Orleans, without a corresponding return. At that, Mr. Harahan makes the direct statement that the business received from the Union Pacific and the Southern Pacific is much greater than that given both lines by the Illinois Central.

In speaking of the various commodities that the Illinois Central transports and its diversified destinations, Mr. Harahan makes the claim that it would be impossible for the officers of the Illinois Central to make any tariff alliances with any line which would divert its originating traffic from its natural channels. The records of the interchange with the Union Pacific and Southern Pacific show that they gave the Illinois Central 46 per cent more business than they received during the past six years. All of this business could have been routed by other lines, if the Pacific roads had so desired.

The circular dwells upon Mr. Fish's accusations of the juggling of accounts and his questioning of the June net earnings. Mr. Harahan shows by Mr. Fish's instructions that in June, 1906, a large sum was charged to expenses in order to clear up outstanding matters, and that because of better handling during the succeeding year, each month bore its proportionate share of expenses, leaving a big increase for June, 1907, as against June, 1906, but an increase that was earned and properly accounted for.

Mr. Harahan appears to take very seriously the reflections of Mr. Fish upon the accounting officers and their methods and makes it appear that Mr. Fish is criticizing, without warrant or reason, men in whom he hitherto has had the greatest confidence and methods which were stamped with his approval. Mr. Harahan insists that men and methods are not changed and that Mr. Fish's charges are deliberate misstatements.

It is understood that other statements and charges of Mr. Fish will be discussed in circulars to be issued at an early date.

THE FLOWER of America's Clothes Product

It will not be amiss to describe our clothes as "the flower of the American product," since they have no equal in beauty, form, character and workmanship. A large part of them are Roxboros, those celebrated exponents of clothes craft, and the rest of them the work of others scarcely less noted in the field of clothes.

We have received of late quite a number of extreme box-back winter overcoats in dark browns, which will arouse your interest and admiration. They fit superbly.

State Development Convention

Louisville, Ky., Nov. 15.—From every indication it is believed that the Sixth State Development convention, which will convene at the Galt house next Tuesday morning, will be the greatest meeting of the kind ever held in the south. A meeting of the local committee of arrangements was held yesterday afternoon at the headquarters of the Kentucky State Development association in the Commercial building, and it was found that all arrangements to this date have been satisfactorily completed.

Among the matters which have been under careful consideration for weeks was the question of a banquet to be tendered the delegates by the committee of arrangements, representing the people of Louisville. It was decided yesterday to make this event occupy one of the evening sessions, and preparations for it were at once begun.

It is believed that at the dinner the delegates will get in closer touch with each other, and an attractive program with short speeches is now being arranged.

On Tuesday afternoon, November 19, the opening day of the convention, the Commercial club will entertain at a reception in honor of the delegates.

The idea of the state development convention originated in the Commercial club by William A. Robinson, and the first meeting was held in Louisville in May, 1898. Since that time the Commercial club has practically fathered the project and has contributed largely to the furtherance of the plan for an active permanent organization.

This reception will be of a more or less informal nature, and the delegates will have abundant opportunities to become acquainted with the members of the Commercial club.

Among the reports made by the chairmen of the various committees, one which was considered particularly interesting at the meeting, was that of P. H. Callahan, chairman of committee on hotels. Mr. Callahan reported that he had personally seen the proprietors or managers of all hotels in Louisville and that they had assured him that there will be absolutely no increase in hotel rates during the convention. This, coupled with the fact that all the railroads in Kentucky have declared a rate of one fare for the round trip during the week of the convention, should arouse much interest throughout the state. Tickets will be sold under this rate on November 17, 18 and 19, good returning until November 23. This will allow those who care to do so, to stay nearly a week in Louisville.

While the preparations mentioned have occupied much of the time of the local committee, the committee on delegations has been busily co-operating with the members of the executive committee in each congressional district. By careful labor the executive committeemen have gotten together excellent lists of leading men from every county, and every county judge has appointed such delegations as seem proper to him. A vast amount of correspondence has

been handled at the headquarters of the association and every one known to be interested in the progress of the state has been given an opportunity to aid in the work. A very large majority of the counties in Kentucky is now represented in the files of delegates, and it is believed that by the end of this week all, or nearly all, will be represented.

The program for the convention is rapidly growing in importance and will soon be given to the printer. A preliminary form has been made up and the speakers have been wired the day upon which they are to speak, and most of these have signified their satisfaction with the arrangements.

Daily Thought.

I know no failure, save failure in

obeying to the purpose which I

endeavor to be the best.—George Eliot.

Soon we are to go through the dis-

tressing ordeal of securing another

Thaw jury.

The idea of increasing the number

of voting precincts in Paducah is an

excellent one, 250 or 300 votes in a

precinct is sufficient. A man should

not be compelled to stand in line and

wait for an hour for a chance to cast

his ballot. Neither should there be

an opportunity offered for politicians

of either party to work schemes to

prevent the other side getting all its

votes in.

Now as we give our united support

to all sanitary suggestions. The doc-

tors have raised the price of medical

service.

As a compromise, Roosevelt might

describe the school as "In God We

Trust Teachers."

THE PROFESSION OF TEACHING.

School teaching is a profession or

a job, just as the teachers themselves

make it. Whatever attitude toward

their occupation the teachers assume,

sooner or later the public will adopt.

This comes closer to the question of

compensation than most teachers ap-

preciate, perhaps, and is a matter

they will have to settle for them-

selves before they may expect the

public to show appreciation of the

value and importance of the

profession.

It is not possible that people do

not realize how hard teachers work

and how self-sacrificing they must

be; and teachers wonder why this

realization does not move the great

public to increase their wages. The

study of history and economics

should teach them that sacrifice has

its own peculiar compensations, and

the reward of martyrdom is a crown

in heaven. The question of com-
pensation depends entirely on the teach-

ers themselves, not individually but

collectively, and everyone that fails

in his or her part delays the ultimate

glorification of the calling to the status

of a profession.

Just so long as teachers regard

their occupation as a job by which

they earn their living, just so long

will the taxpaying public regard

teaching in the same light, and nat-

urally seek to have that job per-

formed as cheaply as possible.

Just as soon as teachers assume

a professional attitude toward their

work, establish ethics, take pride

in interest in school affairs outside

narrow confines of their grade

rooms, exchange ideas and de-

velop understanding and capacity for

work, attend associations, and

acquire of themselves certain stand-

ards of ideals and attainments to be

valued at normal schools and sus-

tained by study and co-operation,

the public will place teaching

in the learned professions, and

compensation will inevitably fol-

low the standards.

There are normal schools in this

state, district and

conventions and associations

in Kentucky. They are not well at-

tended. Why? We have a right to

ask that question.

Does the teacher think his or her

work has no relation to anything out-

side the school room in which he or

she teaches? If it has not, the

teacher has a job, that ranks with

common labor, and the teacher right-

ly is paid just what the demand for

that class of work warrants. And

the teacher is justified in considering

his work done when the bell rings or

the whistle blows.

If teaching is a profession, then the

work of that teacher is related to the

work being done by other teachers in

other rooms, in other grades, in

other buildings in the same city; to

the work being done in other schools

in the state, in the country and in

the world. Professional people work all

the time.

These normal schools are estab-

lished by the state, and these state,

district and county associations are

held for the direct benefit of nobody

on earth except the teachers. If the

teachers do not regard their calling

of sufficient consequence to give up

their time outside school hours to

developing themselves and endeavor-

ing to improve school conditions gen-

erally, they should not expect other

people to have any more considera-

tion for them, than they have for

themselves.

This is no excuse for the shame-

fully small salaries paid school teach-

ers. The teachers have no warmer

friend and advocate of increased sal-

aries than The Sun. Indeed, it is

that friendly interest in teachers and

their work that induced this advice,

and whatever excuse any teacher may

have for not heeding it, that does

not alter the facts, or relieve that

teacher of one iota of the responsi-

bility for conditions.

Secretary Loeb has declined the

presidency of the street railway com-

pany of Washington, D. C., and wise

advice has taken that as another in-

dication of Roosevelt's ambition. We

must be very discreet what we say,

or the Washington correspondents

will draw inferences.

THE SILVER LINING.

We are told every cloud has its

silver lining. Just now, while the

bankers and financiers in general are

still wrestling with the stringency in

the money markets, which, by the

way, are slowly but surely improving,

far-sighted men are expressing opin-

ions in accord with the following

from The London Statist, one of the

principal financial papers in Eng-

land:

"It is to be recollected that the

United States has had an extraordi-

narily long run of wonderfully good

times. Wealth has accumulated at an

unprecedented rate. Farmers who

formerly were deeply in debt are now

highly prosperous. After a while,

therefore, it is reasonably to be pre-

sumed that the depression will pass

away, and with a revival of confi-

dence new enterprise will be entered

into. It is not, however, to be ex-

pected that the depression will pass

away immediately. It may last for a

year, or even more. The first in-

fluence, of course, will be to accumu-

late money in New York, and when

people recover courage and all the

deposits now hidden away are again

brought forth, the accumulation of

unemployed money will be such that

rates probably will go down to 2 per

cent, or possibly even lower. Then

speculation will begin again, as it ad-

vances, and the extraordinary fall in

prices which we have witnessed dur-

ing the present year will be followed

by an equally extraordinary rise in

prices. Europe, moreover, will be

attracted by the very low quotations,

and we may reasonably anticipate

that European investment in Ameri-

can securities will be larger than it

has been for twenty years past. If

so, the European investment will add

to the immense accumulation of un-

employed money in the United States,

and after a while will provide the

necessary stimulus for the revival of

new enterprise. Over and above all

this, the United States produces com-

modities which the world cannot do

without, and for some of these, as it

happens, the demand is exceptional

at present. Naturally everybody will

be eager to export as much as possi-

ble, and the exports will help to ac-

celerate the revival."

Politics in Russia differs from polit-

ics anywhere else only as conditions

differ. For instance, if the duma is

unsatisfactory to the emperor he

threatens Siberia and if it displeases

the terrorists, they threaten dynam-

ite. And what are Siberia and dynam-

ite but other names for "Salt

River" and "Landslide."

PADUCAH PEOPLE WITH
WEAK LUNGS NEED VINOL.

Many people inherit weak lungs,

which are likely to be attacked by

consumption. So also are lungs

weakened by disease or by a stub-

born hacking cough.

No matter what the cause, Vinol

strengthens weak lungs and gives one

the power to throw off wasting dis-

eases.

The reason that Vinol has such

power to heal and strengthen is be-

cause it contains in a highly concen-

trated form all the curative, medi-

cinal and strength-creating elements

of cod liver oil, actually taken from

fresh cods' livers, with the useless

nauseating oil eliminated and tonic

iron added.

So sure are we of what Vinol will

do that we ask every person in Padu-

disease to try Vinol on our offer to

return money if it fails. W. B. Mc-

PEOPLE AND SOCIAL EVENTS

Mrs. Warfield Complimented in Mayfield.

The Mayfield Monitor of November 14, gives an account of a pretty tribute paid to Mrs. Clough A. Warfield, wife of the Rev. C. A. Warfield, pastor of the First Methodist church in Mayfield, who has served the 4-year term of his church there. Mr. and Mrs. Warfield have visited in Paducah and are very popular here. The Monitor says:

"A lovely tribute was paid to friendship last Saturday afternoon, when Mrs. J. F. Blalock tendered a farewell reception to Mrs. C. A. Warfield at the beautiful Blalock home on College street. The sweet and lovable character of Mrs. Warfield has made her a general favorite during her four years of residence here, and friends in the church and out of the church, and all denominations availed themselves of the opportunity to bid her God-speed in her new sphere of influence. The reception was most enjoyable. A delightful program consisting of music by Mesdames Robbins and Hester, some choice selections read by Mrs. Warfield, and a few remarks appropriate of friendship by Mrs. Moorman made the moments speed with golden wings. The house was tastefully decorated for the occasion. A profusion of beautiful golden chrysanthemums adorned the tea table, which was presided over by some dainty young ladies, friends of the hostess. After partaking of the 'cup that cheers, but does not inebriate,' the guests departed with cordial handshakes and best wishes for both hosts and guest of honor, and in her heart every woman felt as Browning expressed it:

"You're my friend!
What a thing friendship is
World without end."

Church Reception Tonight.

The Ladies' Mite society of the First Baptist church will receive this evening from 7:30 to 10:30 o'clock in the lecture room of the church, in celebration of the thirty-fifth anniversary of the organization. An attractive musical and literary program will be rendered and delightful refreshments will be served. All friends are cordially invited. The officers of the Mite society are: Mrs. W. E. Covington, president; Mrs. J. R. Puryear, vice president; Mrs. E. B. Richardson, secretary; Mrs. J. M. Walton, treasurer.

Magazine Club.

The Magazine club was entertained yesterday afternoon by Mrs. E. H. Boone, 308 South Sixth street. Interesting reports were made from several of the November Magazines.

He Fought at Gettysburg.

David Parker, of Fayette, N. Y., who lost a foot at Gettysburg, writes: "Electric Bitters have done me more good than any medicine I ever took. For several years I had stomach trouble, and paid out much money for medicine to little purpose, until I began taking Electric Bitters. I would not take \$500 for what they have done for me." Grand tonic for the aged and for female weaknesses. Great alterative and body builder; best of all for lame back and weak kidneys. Guaranteed by all druggists, 50c.

Big Lemons

EXHIBITED ON TREE IN POSTAL TELEGRAPH OFFICE.

Pedestrians on Broadway at Second street are invariably interested in a small lemon tree growing in a jar in the Postal Telegraph company's office. There are two lemons on this tree, one of which is the largest by far of any seen among those shipped from California or the south. It is 11 1/2 inches in circumference and is just getting ripe. The other is of medium size but not full grown. The tree is nothing more than a bush though it is two years old. When full grown, the lemon tree is as large as an apple tree, and California sends just as large lemons as the one on this tree, but "hands" them to the swell London and New York cafes, sending the ordinary run of fruit to the smaller cities.

WILKINS STUDIO

Will Be Opened in Fraternity Building Tomorrow Night.

Mr. Robert Grover Wilkins will have the formal opening of his art studio in his rooms in the Fraternity building Saturday evening from 8 until 11 o'clock. Mr. Wilkins has prospects for a fine class in both sculpturing and painting, and in addition will take orders for work himself. At present he is engaged on portraits in pen and ink of a number of prominent persons. Christmas week Mr. Wilkins hopes to have completed a collection of sketches on which he is working. His studio on the fourth floor of the Fraternity building is fitted out in artistic style, and among the pictures shown are some of his own, which compare favorably with the best. At the public library Mr. Wilkins has on display now a pen and ink sketch of Mr. Lorado Taft, which he made during the lecture given by that eminent artist Monday night at the Woman's club. Mr. Taft went out to the library especially to see Mr. Wilkins' bust of McKinley and said he was surprised at its worth. Mr. Wilkins is working on a number of pictures of the Madonna, which he will dispose of among the different city churches.

ALWAYS WAS SICK

When a man says he always was sick, troubled with a cough that lasted all winter—what would you think if he should say—he never was sick since using Ballard's Horehound Syrup? Such a man exists. Mr. J. C. Clark, Denver, Col., writes: "For years I was troubled with a severe cough that would last all winter. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me." Sold by J. H. Gutschneiger, Lang Bros. and C. O. Ripley.

NOTICE TO ILLINOIS CENTRAL EMPLOYEES.

The Illinois Central railroad and the local banks have been making every endeavor to take care of the pay roll of employees due on Saturday, Nov. 16th. Arrangements have at last been consummated by which the banks will pay out for the railroad, thirty per cent of each pay roll check in cash and the balance of it in checks of the Illinois Central railroad of the denomination of five and ten dollars each, or in cashier's checks of similar denomination, as employees may prefer. This arrangement may be relied upon, unless there should be a failure of the express company to deliver by Saturday morning the small checks mentioned herein. However, employees must present their checks by Monday, November 18th, to avail themselves of this arrangement.

Mansfield oblivious of them.
When Richard Mansfield produced "Cyrano de Bergerac" in Cleveland the production necessitated the use of a large number of supernumeraries. Most of these extra hands were Adelbert students, who greatly enjoyed the opportunity of supporting the eminent star. Of course, Mansfield's personality was the prime

source of interest to them, and every super on the mob—courtiers and Gascon cadets—was mildly anxious to gain a personal recognition from the great Cyrano, but he appeared entirely oblivious of the presence of each and all of them.—Cleveland Plain Dealer.

TABLETATES JOY OF WEDDED LIFE.

If any of the 160 residents of Chicago recently invited to an anniversary party on November 7 hesitate to accept it will not be because they are unacquainted with information on the condition of servitude, past and present, of the hosts. Frank Baum, well known to the young citizens as Father Goose, and Mrs. Baum will celebrate their twenty-fifth wedding anniversary, for which they have issued invitations in booklet form. It contains in addition to the information that the party is going to be, a record of the married life of the hosts, which is excellent.

The marriage certificate is reproduced in full, signed by the 162 guests at the wedding, and is reinforced by the following record of their married life:
Resided in Syracuse, N. Y., Aberdeen, S. Dak., and Chicago—the latter for 16 years.
Raised four boys smart as the average.
Quarrelled just a few.
Wife in tears three times. (a) When cat died. (b) When bonnet was spoiled. (c) When she had sore toes.
Husband swore 167 times.
Wife swore none.
The swearing of the husband is accounted for on the grounds that he was notary public for four years.
Causes for jealousy—none.
Broke occasionally.
Bent often.
Unhappy none.
Future prospects good.—Exchange.

A Hard Debt to Pay.
"I owe a debt of gratitude that can never be paid off," writes G. S. Clark, of Westfield, Iowa, "for my rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominous dry, hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equalled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by all druggists. 50c and \$1. Trial bottle free.

The traction facilities of Europe are far behind those of this country. Within a radius of fifty miles of Liverpool there is a population of 7,000,000, the most thickly populated country in the world, and not a trolley line in existence for their accommodation.

WILL NOT PERMIT ATTACK ON BROWN

Mrs. Bradley to Protect Name of Man She Murdered

Letters and Children Are Sufficient Justification for Her Deed, She Says.

LAWYER'S PLEA IS INSANITY.

Washington, Nov. 15.—It is evident that attorneys for Mrs. Bradley will depend upon the plea of insanity as their defense. If there was any confidence in the plea of justification it was not expressed.

The charge upon which Mrs. Bradley is held is that of deliberately murdering former United States Senator Arthur Brown, of Utah, in his room at a hotel in this city on December 8, 1906.

Mrs. Bradley has admitted the killing, and there will be no effort to show that his death resulted from any other cause than the shot fired by her.

Mrs. Bradley had given her life to Attorney Brown. They had two children, and the murder is supposed to have been caused by her discovery that he was about to marry another woman. This woman is Mrs. Annie C. Adams, mother of Maude Adams, the actress.

Writes of Thaw Case.
Letters written by Mrs. Bradley in jail give an interesting glimpse of this woman who sacrificed all for the love of a man, and took his life when he would cast her aside. Of the Thaw trial she wrote that Evelyn's story was full of discrepancies, but she added:

"My sympathy is with Evelyn Thaw. No one can really appreciate how much of an ordeal it was, and even though one may be depraved and stupid and declare they never knew anything else, it is not easy to tell it publicly. She has had to make a terrible sacrifice.

"The written record is not so easily lived down or overcome as rumor. She is paying a penalty that marks the beginning of much heartache and endless shame and remorse for both herself and husband."

Thought He Loved Her.
Shortly after the shooting she said in a letter to a friend:

"No matter what the contradictions that appear in every act and word of his thought and life—I know when he took me in his arms four weeks ago tonight and kissed the tears from my eyes—and with his own streaming down his face, said: 'Dolly, the love of father, mother, sisters, brothers and a hundred loves could never equal my love for you. You are the realization of the dream of my youth, the dream and the realization. I love you with the tenderest feelings I have ever felt. I love you with the strongest passion of my life. You know it—you know it. Dolly. There was no dissimbling. He spoke what he then felt, and I believe they were his innermost, secret feelings."

Wants Fair Trial.
Looking forward to her trial, she wrote: "I think the stand I have maintained right along, that there shall be no more mudslinging than is absolutely necessary, will be followed by my own attorneys. I think the less of it the better."

"The letters and the children and his many, many pledges to me will make a stronger case than attacks upon him. This is my idea, and I told the lawyers it was my neck for it."

This appears in one of her more recent letters:
"It is awful to be absorbed in such black despair as I am. I have lost the dream of doing and the other dream of doing, and the optimism I always bragged—the courage I always boasted—the smile I always flaunted—the hope that never failed me—are nowhere about, either within or without. When the sun shines brightest it seems to mock me, and I like the cloudy days best."

"It is my real nature, I believe, to consider the sunshiny, the storm, the rain or the wind, or the clouds are reason enough for being happy in this world, so I have always yielded to the weather—and met tragedies with all the spirit of comedy I could inject into them, but my comedies, my tragedies, my hopes, my life have fallen like a house of cards, and I am the house."

NEW RICHMOND HOUSE HAS TWO WEDDING PARTIES.
The marriage record at the New Richmond House is being pushed steadily upward. The Rev. C. M. Thompson yesterday married Mr. Green Clements, of Lynville, and Mrs. Arthur Glass, of Corvallis, in the parlors of the hotel. Mr. A. J. Gilbert and Miss Alice McNutt, of Mayfield, were married yesterday in Fulton and are now registered at the New Richmond. Miss McNutt is the daughter of Mayfield's popular chief of police.

Corundum is an aluminum oxide, the colored varieties of which are the sapphire, oriental ruby, oriental topaz, and oriental amethyst. Emery is the granular variety of corundum.

WANTS BETTER BANKING LAWS.

Governor Hughes Asks Financiers to Submit Suggestions.

Albany, N. Y., Nov. 15.—Governor Hughes last night gave out a letter in which he requests that A. B. Hebburn, Edwin S. Marston, Edward W. Sheldon, Algernon S. Frissell, Stephen Baker and Andrew Mills, all banking or trust company officials of New York City, shall act as a committee for the purpose of collating facts, receiving suggestions and expressing their views with reference to changes deemed advisable in the laws of the state relating to the incorporation, conduct of business and supervision of banks and trust companies. The governor asks that this committee undertake this work solely as a matter of public service, without provision for compensation, or indemnity for expenses, and says he will be glad to receive its report on or before December 15. It is believed that all the men named will serve.

SECRET TO MUCH

COLORADO WOMAN CONFESSES TO WITNESSING A MURDER.

Stewart Harrison Killed His Nephew and Carried Body to Middle of Upper Lake in Illinois.

Following the confession of a negro woman, named Hamilton, that she was witness to the murder of Clem Stewart by Harrison Stewart, a wealthy colored farmer living near the upper lake in Illinois, opposite Paducah, Harrison Stewart was arrested yesterday by Sheriff Lytton at Metropolis, and placed in jail. It is said that the accused confessed to the crime after he had been confronted with the woman's confession. He told the officers that he killed his nephew because his nephew had been intimate with his wife. He fired the fatal shot as the boy was riding a horse, and when the boy fell he took the corpse in a canoe and carried it out in the lake and dropped it in the water.

The woman's confession was made in a peculiar manner. She was aboard the steamer Cowing at Metropolis wharf and suddenly broke down, saying that she knew something she could keep no longer. She then told what the secret was and officers were summoned and she made a complete confession.

Key West had a salt water fire and sanitary flushing system.

Pain Weakens

Headache, rheumatism, neuralgia, or pains of any nature weaken the system—they are a strain upon the nerves. Almost instant relief can be obtained by taking Dr. Miles' Anti-Pain Pills, and without any bad after-effects. Take one on first indication of an attack—it will ward it off. They are a pleasant little tablet, sold by druggists everywhere, 25 doses 25 cents; never sold in bulk.

"I was subject to constant headaches for a period of four years. At times I was almost unable to do the work in which I am engaged, that of a steno agent. Through the advice of a friend I tried Dr. Miles' Anti-Pain Pills, and the result has been that I have entirely eradicated my system of those continuous headaches that follow a continual mental strain. They have done for me all that is claimed for them."

O. L. RUSSELL, Jr., Agent, C. & N. W. Ry., Ballie Creek, Ia. "I have used Dr. Miles' Anti-Pain Pills for a year now for neuralgia and find there is nothing like them. They surely have been a blessing to me."

MISS JULIE FLORENCE WALSH

WOMEN SUFFER

Many women suffer in silence and drift along from bad to worse, knowing well that they ought to have immediate assistance.
How many women do you know who are perfectly well and strong? The cause may be easily traced to some feminine derangement which manifests itself in depression of spirits, reluctance to go anywhere or do anything, backache, dragging sensations, flatulency, nervousness, and sleeplessness.
These symptoms are but warnings that there is danger ahead, and unless heeded, a life of suffering or a serious operation is the inevitable result. The best remedy for all these symptoms is
Lydia E. Pinkham's Vegetable Compound
made from native roots and herbs. No other medicine in the country has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female ills.
Miss J. F. Walsh, of 328 W. 36th St., New York City, writes:—"Lydia E. Pinkham's Vegetable Compound has been of inestimable value in restoring my health. I suffered from female ills which caused dreadful headaches, dizziness, and dull pains in my back, but your medicine soon brought about a change in my general condition, built me up and made me perfectly well."
Lydia E. Pinkham's Vegetable Compound cures Female Complaints, such as Backache, Falling and Discontinuation of Menstruation and Uterine, and organic diseases. It is invaluable in preparing for child-birth and during the Change of Life. It cures Nervous Prostration, Headache, General Debility, and invigorates the whole system.
Mrs. Pinkham's Standing Invitation to Women
Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass. Her advice is free.

Ing Ed Leigh.**WHO FOR ADJUTANT GENERAL?**Louisville, Nov. 15.—Discussion
of the policies of the new Republi-
can administration at Frankfort and
the patronage which is to be dis-
tributed between now and the first
of the year, was had at a meeting
of the newly-elected Republican state
officers at a meeting in the Louisville
Hotel yesterday afternoon. Governor-
elect Willson presided at the meet-
ing, which was held behind closed
doors.None of the successful candidates
was inclined to discuss the subject
of patronage after the meeting, but
the little talk they indulged in it is
practically certain that the vacancy
on the state board of control which
will occur in January 1, by the ex-
piration of the term of Robert Phil-
lips, of Elizabethtown, will be ten-
dered either to Col. Albert Scott or
to M. H. Thatcher. It was said that
the position lies between these two
men, who accomplished more for the
success of the Republican state ticket
than any others.The board of control position pays
\$2,500 annually, and that of state
inspector pays \$3,000 annually and
expenses. It is believed that Colonel
Scott has the option of either position
and the one which he does not take
will fall to Mr. Thatcher. It is be-
lieved that these appointments will
be highly popular with Republicans
all over the state.**Milward Fire Warden.**Much pressure has been brought to
bear upon Governor-elect Willson
since election in behalf of various
candidates for the position of state
fire marshal, now held by Mott Ayres.
Among the candidates are Stanley
Milward, of Lexington, and Macken-
zie Todd, of Frankfort, formerly pri-
vate secretary to Governors Bradley
and Taylor. It was said yesterday
by those who profess to have inside
knowledge that Mr. Milward will be
appointed to the position. It pays
\$2,400 annually. Mr. Todd, it is
said, is slated for the position of as-
sistant insurance commissioner,
which pays \$2,000 annually.It is also stated authoritatively
that Senator Alvis S. Bennett, the
present secretary of the Republican
state campaign committee, has been
tendered the position of private sec-
retary to Governor Willson. The
position pays \$2,000 annually. Sen-
ator Bennett is one of the most popu-
lar young men in Kentucky, and is
eminently fitted for the exacting
duties of the office.**For Adjutant General.**It is understood that there has
been something of a scramble for the
office of adjutant general. Governor
Willson will insist, it is said, that this
responsible office be given to a well
trained and disciplined military man,
and one who will put forth his best
efforts to build up the state militia.
There have been numerous applicants
for the office, and many friends of
the applicants have besieged Gov-
ernor Willson in their behalf since
election. It was said yesterday that
friends of General Basil Duke, a
prominent figure in military history,
had spoken to the governor and
urged his appointment, setting forth
that it would be a graceful recogni-
tion.**Bad Symptoms.**The woman who has periodical head-
aches, backache, sees imaginary dark
spots or specks in all directions before
her eyes, has a gnawing distress or heavy
full feeling in stomach, faint spells, drag-
ging-down feeling in lower abdominal or
pelvic region, easily startled or excited,
irregular or painful periods, with or with-
out pelvic catarrh, is suffering from
weakness and drainage that should
have early attention. Not all of above
symptoms are likely to be present in any
case at one time.No medicine except has such a long
and honorable record of cures in such
cases as Dr. Pierce's Favorite Prescription.
No medicine has such a strong
reputation for its safety and its
effectiveness. It is a simple, natural
and perfectly safe remedy, and
the very best ingredients
known to medical science for the cure of
women's peculiar ailments enter into its
composition. No alcohol, harmful, or
habit-forming drug is to be found in the
list of its ingredients printed on each
bottle-wrapper and attested under oath.In many conditions of the female system,
Dr. Pierce's Favorite Prescription can do
only good—never harm. Its whole effect
is to strengthen, invigorate and regulate
the whole female system and especially
the pelvic organs. When these are de-
ranged in function or affected by disease,
the stomach and other organs of digestion
become sympathetically deranged, the
nerves are weakened, and a long list of
bad, unpleasant symptoms follow. Too
much must not be expected of this Fa-
vorite Prescription. It will not perform
miracles; will not cure tumors—no irregu-
larities. It will, when taken in time, and this the operating
table and the surgeon's knife may be
avoided.Women suffering from diseases of long
standing, are invited to consult Doctor
Pierce by letter. All correspondence is
held as strictly private and sacredly
confidential. Address Dr. R. V. Pierce,
Buffalo, N. Y.
Dr. Pierce's Medical Adviser (1000 pages)

stamps for paper cover, or 31 stamps
for cloth-bound copy. Address as above.**Do You Digest
What You Eat?**It is one thing to eat and quite an-
other to digest the food. Many people
can't do the latter and suffer for years
from indigestion without really knowing
what is the matter with them. They
just know that their "stomach is out of
order."But the most important thing, after
all, is to know what is the matter, for
then it is easy enough to know what to do. It is
advice of thousands of people is convincing to
you then we say take Dr. Caldwell's Syrup Pepsin
if you have any digestive trouble. As the
name indicates, it is for just that very ailment,
and that it cures is proven by files of voluntary
testimonials in our office. More direct and per-
sonal proof can be obtained by going to your
nearest druggist and buying a 50-cent or 40-
cent bottle. Take it and you will be well. Better still,
results are guaranteed, so you risk nothing.There is, in truth, no better family laxative
than Dr. Caldwell's Syrup Pepsin. Its gentle
and effective action and pleasant taste recom-
mend it especially to weak stomachs, children,
women and old people. It is equally good for
the most robust who become constipated or
suffer from indigestion, sour stomach, bilious-
ness and other stomach, liver and bowel ail-
ments, because results are sure and permanent.
It is a reliable laxative and even a 50-cent bottle
will help many members of a family to better
health.**FREE TEST** Those wishing to try Dr. Cald-
well's Syrup Pepsin before buy-
ing can have a free sample bottle sent to their home by
addressing the company. The offer is open to those
who have never taken it. Send for it if you have any
symptoms of indigestion, sour stomach, biliousness,
constipation, or if you are a child, woman, or old
person. A guaranteed, permanent home cure. THE

contributed so largely to the election
of the state ticket. Very little faith,
however, is placed in General Duke's
candidate. He now holds a federal
office as a member of the State com-
mission to which he was appointed
by President Roosevelt. His salary
as a member of the commission is
\$3,000.Perhaps the most talked-of candi-
date in connection with the office of
adjutant general is Captain Jackson
Morris, of Washington. It is said
that Captain Morris has the backing
of the war department officials, and
his friends believe that he would be
able to get whatever is coming to
Kentucky from the national govern-
ment in the way of aid to the state
militia. Captain Morris' friends say
that should be fall of this appoint-
ment he will be made assistant sec-
retary of state. The office of adjutant
general pays \$2,000 annually, and
that of assistant secretary of state
\$1,800 annually.**Prof. Bell Slated.**A dispatch from Harrodsburg yester-
day announced the appointment
of Professor Charles W. Bell as in-
surance commissioner by Auditor-
elect Frank James. Mr. James stated
yesterday afternoon that he had not
yet made the appointment, but it is
believed that he will do so within
the next few days. The place pays
\$3,000 a year. Professor Bell has
been principal of the Harrodsburg
graded school for twenty years.
Friends of John C. Wood, of Mt. Ster-
ling, treasurer of the Republican
state committee, and former railroad
commissioner, who is a candidate for
the position, are working hard in his
behalf, and they believe that there is
a possibility of his getting it. Mr.
Wood is extremely popular with Re-
publicans throughout the state.It is the wish of the various suc-
cessful candidates that the patronage
at their disposal be distributed as
evenly as possible over the state, and
it is believed that the plan will be
fully carried out when the appoint-
ments are announced officially.**BE CHARITABLE**To your horses as well as to yourself.

"Of their cat?" repeated the owner
of the office in amazement."Why, Katie, I'm sure they would
not keep a cat that was in any way
dangerous." "Not dangerous, no
ma'am, but a restless, unhappy look-
ing creature that didn't speak well
for the family," replied the girl. "I
always judge a family by their cat."A sleek, comfortable pussy who

Activity among the towboats manages to relieve the river of some of the depression of business that otherwise might attend it. Holiday business will soon begin and the packet

will fare better. The river is still rising at a decreasing rate this morning's gauge showing a rise of 0.3 since yesterday. Heavy fogs have interfered with steamboat navigation for the last few mornings.

A rare sight to present day river men was seen here the other day when an old-time produce boat floated down from the Ohio river. These boats were common 20 or even 10 years ago and was the kind on which Abraham Lincoln made a trip to New Orleans. This flatboat probably was loaded with apples.

Taking advantage of the withdrawal of the Cairo packet, the George Cowling is making its schedule now to Joppa instead of Metropolis, and the handsome little packet is doing a big business.

After an overhauling at the dry docks, the I. N. Hook will be let into the river this afternoon or in the morning. A fine barge, 26 by 135 feet, is being built for the Ryman

line at the dry docks. Capt. Young Taylor, the superintendent, has plans drawn for a new residence for himself.

The Martha Hennen went to the Tennessee river this morning with Captain M. Furman at the wheel.

The Bluespot arrived this morning before 8 o'clock from the Tennessee river with a good trip of ties and is unloading at Joppa today. If unloaded in time, the Bluespot will return tonight to the Tennessee river.

Just before the Bluespot arrived this morning, the Pavonia, of the Ayer-Lord fleet, arrived from the Tennessee river also with a good trip of ties, which will be unloaded at Brookport. The Pavonia will leave tonight or tomorrow for the Tennessee river.

Steam was in the boilers of the Margaret, of the Ayer-Lord line, this morning to get away for the Tennessee river after ties.

Arrivals today will be towboats principally. The Vincennes is due from the Cumberland river.

Coal will be brought from Caseyville today by the Reaper for the West Kentucky Coal company.

All the river can hold, is the description of the tow being brought down by the Peter Sprague, the largest towboat in the world. The Sprague should arrive tonight with its immense tow and soon after the big J. B. Finley should arrive with hundreds of thousands of bushels.

Owing to trouble in getting the hands, the Nellie Willett, the new towboat in the Tennessee river, did not get away until today.

Fog last night and this morning delayed the arrival of the Kentucky until this morning. The Kentucky will unload some freight at Brookport and leave Saturday evening for the Tennessee river.

Somewhat late, the R. Dunbar arrived last night from Evansville and left immediately on the return trip. Today's packet will be the Butterfield.

Captain Frank Rowder is in the city while his boat, the J. T. Reader, is being repaired at the marine ways. The Reader will be finished in ten days.

The Charles Turner is expected from the Tennessee river today with ties.

Official Forecasts.
The Ohio, at Evansville, not much change during the next 12 hours, then rise again. At Mt. Vernon, will continue rising slowly during the next 24 hours. At Paducah and Calro, will continue rising during the next two days.

The Tennessee, from Florence to the mouth, will continue rising during the next two days.

The Mississippi, from below St. Louis to above Calro, will continue falling slowly during the next 36 hours.

SKATES GRACEFULLY ON FLOOR OF AUDITORIUM RINK.

He Finds Time From Parcelling Out Plans to Cut a Few Bids on the Hardwood.

Mayor-elect Smith is one of the busiest men to be found anywhere these days, from sun to sun. He is not too busy for a little diversion, however, and last night with Mr. Gus Thompson, he went out to the rink and indulged in the latest craze for two or three hours. He said he had not been on "rollers" for over ten years, but soon hit his stride and skated as gracefully as any of them.

The rink is proving quite a diversion and business has increased each day. "We are adopting some rules that we shall enforce strictly hereafter, for the protection both of our selves and our patrons," said Manager Crumbaugh today. "We have found several patrons bringing in skates under their arms, and hereafter they will be barred from the rink. Saturday night is the last night that we shall permit beginners to go on the floor. In the future they can only go on during beginners' hours, and from 6 to 7 at night. Then, too, we shall enforce the rule against fast skating, as we appreciate the element of danger in it."

FINE LAUNCHES

TWO OF THEM IN PADUCAH WATERS ON WAY SOUTH.

Gasoline launches seen so far in Paducah were totally eclipsed this morning with the arrival of the "Palma" from Cincinnati, on its way to New Orleans; and of the "Advance," from the Tennessee river on its way to Chicago. J. D. Lacey, a wealthy Chicagoan, is owner of the "Palma" and will meet his boat in New Orleans. It was designed and built by V. L. Hangeron, of Cincinnati, and this is the first trip. Harry Doss, of Cincinnati, is pilot; J. V.

Rason, engineer; Ed Meninger, captain, and J. H. Ferguson, of Evansville, is assistant pilot. They are five days out from Cincinnati and are taking the trip leisurely. The engines are 110 horse power. On the inside the "Palma" is built like a Pullman sleeper in hardwood. There is a sanitary toilet room, kitchen, and the lockers are finished off in maple wood with cushions. The boat is 60 feet

TO OUR RAILROAD CUSTOMERS

Your Cashier's Checks Will Buy Five Cents

More on the Dollar Than Their Face Value

In times like these we must all make sacrifices for the common good, and the action of Paducah's leading merchants in giving you five cents more on the dollar than your certificates call for is commendable, and a practice not in use in many places.

We are making some more commendable moves for the benefit of our people in our people in these exceptional values:

An Unusually Good \$18.00 Suit for \$15.00

A manufacturer, cramped by present money conditions, sold us his remaining product at extraordinarily low prices and you are to reap the benefit. It is a splendid line of suits in a great range of all the present popular fabrics and patterns, made to sell for \$18.00, but priced now

\$15

A Splendid Value, Too, in an Overcoat, \$15

The same maker sold us a lot of overcoats, in a great range of sizes and handsome patterns, made to sell for \$18, but priced by us at

\$15

These are two dandy pay ear specials.

and are two weeks out of Chicago. The boat will be carried to St. Louis, but has been up the Tennessee river on a duck hunting trip. The "Advance" will leave tomorrow while the "Palma" left this morning. Both boats attract attention by their steel hulls.

The "Advance" is 40 feet long and 8 feet wide with a tonnage of 11 tons. W. P. Needham and wife and two others from Chicago are on board. The average temperature of the en-

the globe is 50 degrees Fahrenheit.

AMERICAN GENTLEMAN SHOES

\$3.50, \$4.00 and \$5.00

ENTIRE Satisfaction is obtained more surely by wearing American Gentleman Shoes than any others we have sold in our thirty years in the business. They are skillfully cut by high-class, union shoeworkers, from the best grades of leather obtainable. Real leather, too—you can see for yourself, for we have cut a lot of them up so that our friends can see the insides, the parts which are usually concealed by unscrupulous manufacturers. Come in and see them tomorrow; spend your money where it buys the most.

Fifteen Dollars for a Suit and Overcoat

It's the man who, for a good reason, believes that \$7.50 is enough to pay for a suit or overcoat, that we want to talk to this time.

The so-called "high-class" stores are so busy with their high priced trade that they don't pay much attention to the \$7.50 man these days. They go in for pretty labels and fancy prices. But it's different at Gullett's; our ideals are different. Every dollar you pay us COUNTS; it goes to pay for the honest, conscientious tailoring which makes our suits and overcoats most worthy of your consideration. Don't take our unsupported word for it; come in tomorrow and see for yourselves. You won't be urged to buy.

\$7.50 Suits

These \$7.50 suits are certainly dandies. They are cut and tailored with the same careful attention to detail which has made our reputation solid on higher priced clothes.

When you are in tomorrow, ask to see some of the new cut single and double breasted suits in dependable worsteds, cassimeres, chevots and black thibets. They'll surely surprise you.

\$7.50 Overcoats

Whether you want a long coat or a medium length box back coat, we can satisfy you in our \$7.50 line. There are blue and black beavers, kerseys, fancy chevots and cassimeres in a variety of good, staple patterns—good values—you'll say so yourself.

Now, you may not even consider yourself a \$7.50 man, but if you have been paying \$10.00 or \$12.50 in other stores for your suit or overcoat, we're candidates for your trade. Compare our \$7.50 suits and overcoats with the \$40.00 and \$12.50 ones sold elsewhere. Just do that and we'll leave the rest to your good judgement.
